MEMORANDUM FOR: Director of Training

SUBJECT: Weekly Report #30: Defense Intelligence School (DIS)
18 October - 29 October 1965

1. Because of my inability to prepare a report early last week, the activities mentioned below extend over a two-week interval.

2. Presentations at DIS. CIA participation was scheduled as shown:

a. [] for AIC. Two-hour coverage on the Defector Program.

b. Art Lundahl, for DIC. Photo intelligence.

c. [] for AIC. Strategic Intelligence Process.

d. [] for AIC. NIS.

e. [] for AIC. Two-hour block on the watch intelligence and warning system.

f. [] for AIC. Exhibitions of Agency Intelligence products.

For acceptable reasons, Messrs. Lundahl and [] were represented by their military deputies. These substitutes do acceptably, but they are not as good as their bosses. [] again merited "outstanding." [] was not well organized. (He confided to me that he'd been handling a [] problem for Dick Helms in the wee hours of the morning.) [] was reliably good. Our feminine contingent was extremely popular and comments were favorable about the Agency's part in the total exhibit of intelligence products.

3. Support for DIS at Headquarters. On three occasions during the two-week period, members of the Advanced Intelligence class visited Headquarters. The entire class attended briefings by OCR representatives on Friday, 22 October, and toured the library and machine division areas. On Wednesday, 27 October, the class spent the afternoon in the USIB conference room with [] For those of us who heard

Sherman Kent discuss problems associated with national estimates for the pilot AIC class last spring, it was apparent that Hugh's organization and response to the problem was decidedly better. Although we lost the "name" appeal, Hugh ably capitalized on the absence of Mr. Kent to tell us things about him that he (Kent) could not very well have told us about himself.

25X1 [redacted] and three selected students heard Jack
 25X1 [redacted] talk about economic intelligence matters on 28 October, while
 25X1 others of the AIC class were being similarly briefed at State on
 political intelligence and at DIA on military intelligence. [redacted]
 with the Plans Staff of ORR, was very, very good in this informal session.)

4. Visits Elsewhere. Along with the student body and faculty of
 AIC, I attended a morning session that same day at Arlington Hall.
 Members of DIA discussed with us five different applications of intelligence problems to ADP solution. Present also were four CIA guests from
 25X1 the CHIVES project, under [redacted] The last of the five presentations required SI clearance.

For a two-day period, I accompanied the Attaché class on their
 25X1 visits to industrial sites in the Baltimore metropolitan area. I joined
 25X1 the groups for [redacted]

[redacted] and I joined the three Commandants and the course chairman
 and wives in the receiving line for the class party given for the large
 Defense Intelligence class. There were about two hundred in attendance
 at Ft. McNair.

5. DIA and DIS support to Agency. [redacted]
 25X1 spoke to the Intelligence Review class on Friday, 29 October. Lt. Col.
 25X1 [redacted] of the DIC faculty, talked to an Agency reservist group on
 25X1 24 October. [redacted] of the AIC-SIC faculty, will talk
 to the Anti-Communist Operations class on 17 November.

6. I was able to amicably negotiate a resolution of my jury call
 dilemma. Judge Emery Hosmer has excused me from all of the first two
 25X1 weeks except 12 November. Service during the third week (22-26 November)
 creates no serious problem. Three OTR speakers [redacted]
 are to be introduced to the Strategic Intelligence class during
 Thanksgiving week. However, all speakers appear in the afternoons and
 25X1 I'll be either dismissed by then or backstopped by the SIC faculty.
 No letter from the Agency on my behalf is now required. [redacted]
 25X1 of GC, has been informed. The Judge did chuckle about my being on a
 "two-year" cycle!
